

January 15, 2011

Dear Rebecca:

Thank you so much for speaking to our ladies at our Christmas dinner. I have so enjoyed getting to know you through e-mails and then getting to finally meet you in person. It was a great evening. We heard many compliments from the women as to how you touched their lives with your experiences and your walk with the Lord. You certainly touched mine.

It was so refreshing to hear how God had carried you through the good times and the bad ones bringing you to the Metroplex and KSCS. Of course that dream job has opened many doors for you and now you are pursuing other avenues and most specifically furthering your ministry.

We are all so thrilled for you and wish you the best. We know that God will continue to use you to glorify Him.
